Property marking

Myself and the PCSO's have access to a property marking machine called a DOT PEEN machine. It's a really great piece of kit that will mark most surfaces and is good for leather saddles, power tools, gardening tools, farm tools, cycles and also some computers and mobile phones. We mark the property with a post code or something similar. Please email me if you're interested in having any property marked and I can arrange a time to do it. The email address is:
