# NYP TIMES

## Updates

I am pleased to report crimes within the rural Richmond area have decreased by over 33%, from November into December.

Significantly crimes within Middleton Tyas have reduced from 9 to 1 from November to December.

## News Stories

We have been running vehicle lighting and MOT checks in and around Richmond throughout December, due to continue in January. 24 vehicles were checked within Richmond on one deployment, with several drivers being educated on the vital importance of turning lights on whilst driving in the dark.

## Advice

Here's some tips to keep you safe and sound on your winter journey:

Before you set off:

- Check your tyre pressures are at the recommended level and that the tread depth is correct
- Check your vehicle's lights are clean and in working order
- Check your wiper system is working effectively and that your washer bottles are full and contain a suitable additive to prevent freezing
- Make sure that all your windows and mirrors are completely clear of ice and condensation
- Make sure you have a can of de-icer and a scraper in your vehicle
- For longer journeys, consider taking a flask of a hot drink, a blanket and a shovel
- Download the What3Words app – this can help breakdown or emergency services reach you quickly, wherever you might be.

On your way:

- When driving, travel slowly and at a safe distance from the vehicle in front
- Avoid harsh braking or steering
- Always use dipped headlights when visibility is poor
- Travel on main roads that have been treated with salt, rather than untreated minor roads
- Keep an eye out for black ice - remember this happens on dry roads when early morning dew falls on cold road surfaces and freezes on impact.
- And remember, watch your speed. It's much better to arrive late than not at all.

Have a good trip! 🚗
